

iPad 2 GSM SIM Card Replacement

Written By: Dozuki System

INTRODUCTION

Use this guide to remove your SIM card.

TOOLS:

- [SIM Card Eject Tool](#) (1)

PARTS:

- [iPad 2 SIM Card Tray](#) (1)

Step 1 — iPad 2 GSM SIM Card Replacement

- Use a SIM eject tool or an uncoiled paperclip to eject the SIM card tray.

Step 2

- Pull the SIM tray out of its slot and remove it from the iPad 2.

☑ If replacing the SIM card, pop it out of its tray and install the new one.

To reassemble your device, follow these instructions in reverse order.
